## DOGS

### Purebred Maremma Puppies for Sale.

Looking for an excellent Livestock Guardian Dog (LGD), then a Maremma might be the right dog for you! These dogs are very loyal to their family – they will guard the animals as well as the family from unwanted intruders. They are very affectionate, friendly and a totally devoted dog, who love receiving a hug or two from their master. The Maremma is meant to live in the outdoors, no matter the temperature. Our adult Maremmas work hard at night, keeping coyotes and predators away from our sheep. We haven't had a kill in years, they are doing an awesome job! These puppies were born in the barn where there are sheep, chickens, and cats. These puppies have their first shots and are dewormed. We had 10 puppies (8 females, 2 males) on November 10, 2019 and they have been weaned since 4 weeks and therefore are eating and drinking on their own already and doing great! They are ready to go anytime! These puppies are purebred but unregistered. Contact us by phone at: **1-780-361-5511**.
